Education

Shobhit Institute of Engineering & Technology

Aug. 2023 – June 2027

Bachelor of Science in Computer Science

Current CGPA: 8.28

Meerut, Uttar Pradesh

Relevant Coursework: Data Structures & Algorithms, Database Management Systems (DBMS), Data Analysis & Visualization, R for Data Science, Operating Systems, Computer Networks, Software Engineering, Cyber Security, Design and Analysis of Algorithm.

Experience

Data Analytics & Management Intern

June 2025 – December 2025

Archirush Technology Pvt. Ltd. (DezignBank) – Noida, India

Onsite

- Developed and customized responsive user interfaces using **Webflow**, enhancing digital engagement and accessibility.
- Processed and analyzed organizational datasets using **Python (Pandas, Matplotlib)** to generate **data-driven insights** for managerial decision-making.
- Created **structured data visualizations and analytical reports** to support **performance monitoring, trend analysis, and operational planning**.
- Maintained **data integrity and confidentiality** while handling sensitive organizational data; recognized with a **₹15,000 monthly stipend** for high performance.

Projects

Notepad (App) | Flutter, Dart, Firebase

Nov 2025 – Present

- Constructing a cross-platform notepad application enabling users to create, edit, delete, and organize notes with a clean and intuitive UI.
- Integrating Firebase for secure user authentication, real-time cloud synchronization, and seamless access to notes across devices.

Altron – Virtual Assistant | AI, Python, Web Integration

Jan 2025 – May 2025

- Architected a **Python-based voice assistant** to automate system operations and manage user commands through structured input processing.
- Regulated and integrated a **web platform with six interactive voice-based applications**, enabling real-time data exchange and logging.
- Implemented features such as **Internet speed monitoring, automated information retrieval, and real-time voice responses**.
- Awarded **First Rank at Project Expo 2025 (Shobhit University)** for technical innovation and practical implementation.

Technical Skills

Programming Languages: JavaScript, TypeScript, C, C++, Python, PHP, Dart

Data Analysis & Computing: Pandas, NumPy, Matplotlib, Descriptive Statistics, Data Cleaning, Data Preprocessing, Exploratory Data Analysis (EDA)

Database Management: MySQL, MongoDB

Technologies / Frameworks: React.js, Next.js, Tailwind CSS, Node.js, Webflow, Flutter (Learning)

API / Communication: Speech Recognition, pyttsx3

Other: Data Structures & Algorithms (C), Object-Oriented Programming (C++), Design & Analysis Of Algorithm, OpenCV

Leadership & Extracurricular Activities

Tech Udyam 2025

IPEC, 2025

- Secured Top 5 among participating teams for delivering a high-impact, technically robust solution.**

Hack Heist 2024

MIET, 2024

- Achieved **Top 10**, organized by the **Google Developer Group**, demonstrating **innovation, teamwork, and rapid problem-solving**.

Internal Smart India Hackathon

Shobhit University - 2024 & 2025

- Winner (two consecutive years)** for developing an **Indian Sign Language (ISL) learning platform** focused on accessibility and social impact.
